Honeywell

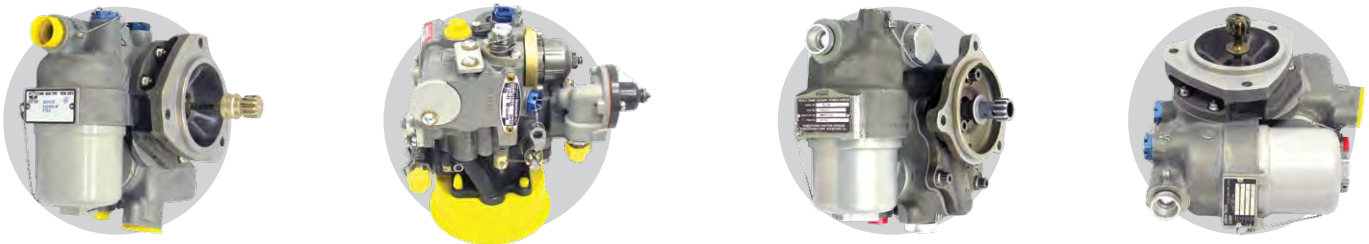

Authorized Warranty and Repair Station

PT6A - PT6T - LTS101 - RR250

DEDICATED TO TURBINE ENGINE CONTROLS AND ACCESSORIES

Precision Aviation Controls (PAC) is an established overhaul and repair facility located in Independence, Kansas that has specialized in the overhaul of Engine Accessories since 1987. Our extensive background includes the repair and overhaul of Fuel, Air, Oil, Hydraulic and Electronic Ignition components for a variety of Commercial and Military Turbo-Prop and Turbo-Shaft Engines including PT6A, PT6T, RR250, LTS101, GECJ610/CF700 and J85 engines. Our shop has been a Honeywell/Bendix Authorized Warranty Repairs Station (AWARS) for over 20 years. Many of the key management and shop personnel have been employed in our facility since it opened in 1987.

When experience matters, turn to the most experienced Honeywell authorized shop in the industry. **Turn to PAC for all of your engine accessory overhaul needs.**

PAC CARRIES THE FOLLOWING APPROVALS AND CERTIFICATIONS:

- ISO 9001:2008 Registered
- FAA Repair Station license # YNBR921L
- EASA # 145.6525
- Active in Central Contractor Registration (CCR)
- Registered with the U.S. Department of State
- Compliant with International Traffic in Arms Regulations (ITAR)
- Honeywell Authorized Warranty & Repair Station (AWARS)
