PAS

PRECISION AIRCRAFT SERVICES

A **PAG** Company

Factory Trained Technicians • FAA Approved Part 145 Repair Station

Precision Aircraft Services (PAS) is a premier provider of Maintenance, Repair and Overhaul (MRO) services for fixed-wing and rotary-wing clients. We are strategically located at Atlanta Regional Airport - Falcon Field, just south of Hartsfield-Jackson Atlanta International Airport.

PAS provides a full range of MRO services including maintenance and repair of turboprops, light jets and helicopters.

Partial Listing Only

PAS provides ADS-B Solutions for various
fixed-wing platforms starting at \$9,900.

AIRFRAME MAINTENANCE

- Beechcraft King Air C90, B200, and 350
- Citation 525, 550, 560, 560XL
- Hawker 400A, 400XP, 800XP and 900XP

AVIONICS UPGRADES AND INSTALLATIONS

- Garmin G1000 Glass Cockpit Upgrades
- Avionics modifications such as ADS-B, WAAS/LPV, FMS, FANS and TAWS systems
- Engineering/DER support for complex integrations and modifications
